

IDSVA Service

If you are referred to our Independent Domestic and Sexual Violence Advocates (IDSVA) it will be because you have been risk assessed as a high risk victim of domestic violence/abuse.

We have two IDSVA's for Knowsley and our role is to provide you with a premium service, offering you information, advice, support and advocacy on a variety of issues pertinent to your situation and individual needs. You can expect a bespoke service that identifies, assesses and manages your risks whilst increasing your safety through various interventions.

All IDSVA referrals are referred to the Knowsley Multi Agency Risk Assessment Conference (MARAC).
